Karen Musson grew up in France and England, where she competed in eventing (dressage, jumping and cross country). She earned her 1^{er} Degré (with Fédération Française de Sports Equestres) at age 11, then enjoyed top coaching in the UK in the eventing disciplines. After moving to Ohio, USA in 1994 to join her husband Tom and have a family, she later immersed into the teachings of Bill Dorrance, apprenticing with Leslie Desmond for 5 years. Karen's work with horses through Feel is rooted in Dorrance's teachings and the French tradition of riding in balance with lightness.
